Appl. No. : 10/047,613

Title : Vertical Laser Diode with Means for Beam Profile Forming

**AMENDMENT IN RESPONSE TO NOTICE OF MISSING PARTS OF
NONPROVISIONAL APPLICATION**

Hon. Commissioner of Patents and Trademarks,
Washington, D. C. 20231

Sir:

Responsive to the Notice to File Missing Parts dated March 15, 2002, applicants request herewith an amendment to the page numbers of the aforementioned application filed on January 15, 2002 in the German language. Page 11 of the original German specification was inadvertently omitted.

Pursuant to option (III) of the Notice to File Missing Parts, applicants now request that the pages originally submitted be renumbered to reflect this omission. The pages of the German specification should now be numbered 1-13 rather than 1-14.

It is noted that the missing page 11 contained only a list of reference numerals, all of which are present and explained in the remainder of the text. Therefore, the subject matter of the application was complete as filed.

Please note that the signed declaration was submitted to the Patent Office with a mailing certificate and the surcharge of \$130.00 on March 20, 2002. The certified English translation was submitted to the Patent Office with a mailing certificate and a preliminary amendment on February 20, 2002.

Applicants herewith include the fee for the certified English translation in the amount of \$130.00. Please charge any additional fees that may be necessitated to the Deposit Account of Lerner & Greenberg, P.A., No. 12-1099.

In view of the foregoing, it is believed that the requirements as stated in the Notice to File Missing Parts of Nonprovisional Application have been fulfilled. An early office action on the merits is requested.

Applicants have enclosed a copy of the original specification which reflects the renumbered pages.

Respectfully submitted,

LAURENCE A. GREENBERG

I. Should applicant contend that the above-noted omitted item(s) was in fact deposited in the U.S. Patent and Trademark Office (USPTO) with the nonprovisional application papers, a copy of this Notice and a petition (and \$130.00 petition fee (37 CFR 1.17(h))) with evidence of such deposit must be filed within **TWO MONTHS** of the date of this Notice. The petition fee will be refunded if it is determined that the item(s) was received by the USPTO.

II. Should applicant desire to supply the omitted item(s) and accept the date that such omitted item(s) was filed in the USPTO as the filing date of the above-identified application, a copy of this Notice, the omitted item(s) (with a supplemental oath or declaration in compliance with 37 CFR 1.63 and 1.64 referring to such items), and a petition under 37 CFR 1.182 (with the \$130.00 petition fee (37 CFR 1.17(h))) requesting the later filing date must be filed within **TWO MONTHS** of the date of this Notice.

III. The failure to file a petition (and petition fee) under the above options (I) or (II) within **TWO MONTHS** of the date of this Notice (37 CFR 1.181(f)) will be treated as a constructive acceptance by the applicant of the application as deposited in the USPTO. **THIS TWO MONTH PERIOD IS NOT EXTENDABLE UNDER 37 CFR 1.136(a) or (b).** In the absence of a timely filed petition in reply to this Notice, the application will maintain a filing date as of the date of deposit of the application papers in the USPTO, and original application papers (*i.e.*, the original disclosure of the invention) will include only those application papers present in the USPTO on the date of deposit.

In the event that applicant elects not to take action pursuant to options (I) or (II) above (thereby constructively electing option (III)), amendment of the specification to renumber the pages consecutively and cancel incomplete sentences caused by any omitted page(s), and/or amendment of the specification to cancel all references to any omitted drawing(s), relabel the drawing figures to be numbered consecutively (if necessary), and correct the references in the specification to the drawing figures to correspond with any relabelled drawing figures, is required. Any drawing changes should be accompanied by a copy of the drawing figures showing the proposed changes in red ink. Such amendment and/or correction to the drawing figures, if necessary, should be by way of preliminary amendment submitted prior to the first Office action to avoid delays in the prosecution of the application.
